Swiss banking
excellence

| Continuity |

We have been domiciled in Geneva for more than twenty years, because Switzerland offers the very backdrop we and our clients demand: stability, safety, high standards of service and financial expertise.

Established in 1984, NBK Finance S.A. made a name for itself as a financial services provider dedicated to skillfully managing assets of high net worth individuals. In 1999, our company was granted the Swiss Banking license and thus became a full-fledged Swiss Bank operating under the name of National Bank of Kuwait (Suisse) S.A.

In 2006, the Bank changed its name to NBK Banque Privée (Suisse) S.A to clearly reflect its Swiss identity and exclusive private banking services.
